# THE MYTH OF FORREST GUMP; a legend revealed

In their ambition to cross the swords with Europe's best long distance fanciers in International monuments, the Freialdenhofen family have always searched for pigeons of extra quality ... when in 2000 they paired up a son of Saya's supercock 'Bonte Marathon' (NL97-2039867 'Max') to a daughter of Van Der Poel's 3. Int. acebird 'De 848' (BE96-2270528) they hoped for a top combination, but could not have imagined the influence their son DV06348-00-789 would have on International pigeon racing ...

As youngster he was raced up to 110 km, as yearling his baptism of fire followed on the International race from Marseille. Directly he won 12. Nat. Marseille. "It was the confirmation of what we expected," Heiko says. "The 789, now known as 'Forrest Gump', was a cockbird with great eye for territory. His nestbox was on the bottom row, however he always searched for perches on high positions. It was his motivation!"

After he was co-winner of the 1. Nat. championships in 2001, 2002 and 2003, he was raced one more year. In 2004, on the race of Perpignan, he was the only pigeon in wide surroundings to make in home on liberation day. He won 1. Zone with over 3 hours lead. He must have

raced alone for the greatest part of his journey; an quality Freialdenhofen & Sons always look for in a pigeon. To do the impossible so to say, just like Forrest Gump does time and time again in the movie with the same name. The pigeon 'Forrest Gump' managed to return home from an International classic on liberation day three times!! Following his own course, determined and motivated.

By than breeding qualities of 'Forrest Gump' were already extremely promising. In 2001, his first eggs as yearling went to Willy Lauer and offspring won 2x 1. & 1x 2. Nat. ace hen marathon. With several different hens 'Forrest Gump' bred toppers, 2002 born youngsters were already co-winners of the 1. Nat. championships Int. races in 2003.

### A DREAM COME TRUE

After several National championships and National wins, a dream came true on June 22nd 2012. A little over 981 km had to be crossed from liberation point Pau with 8,382 birds in competition and relatively high speeds. Orientation had to be superb, motivation on top and perseverance at its best. After 10 hours and 26 minutes of racing time DV06348-10-196 'Forrest Junior' was clocked for Heinz-Josef, Dirk and Heiko Freialdenhofen.

"A cock with a great mettle," says Heinz-Josef, "really a pigeon keen on his territory." In 2011 he already won 3. Nat. / 28. Int. Bordeaux as yearling and he was bred from the best Freialdenhofen lines ... father is son of 'Forrest Gump' and mother daughter of 1. Nat. ace cock 'De Carcassonne' (from brother 'Marseille Star') x h. sister 1. Nat. acebird 'Diana' & daughter 1. Int. Bordeaux winner 'First Lady'. A product therefore of the solid Freialdenhofen base and after his international win one of new breeding sensations!"
